

BLUE BIRD No. 60 BATTERY CARRIER

(PATENT PENDING)

**The One Safe, Sure Carrier
for All Car Batteries**

**REGULAR
POST-TYPE BATTERIES**

**NEW, POST-LESS
BATTERIES**

**removes and replaces car batteries
with and without terminal posts**

- Safest
for batteries
- Safest
for mechanics
- Won't tilt
or drop
batteries

One size instantly adjusts to fit all car batteries, even the new post-less, side-terminal batteries. It grips securely without damage to battery, lifts and removes batteries from anywhere in or out of a car. Safest for mechanics, too, because it won't tilt or drop batteries.

No. 60 with regular 8 point safety grip.
